

Public-private partnerships v programu Horizon 2020

- July 2013 EC communication on "Public-private partnerships in Horizon 2020: [12344/13](#)
- 6.5.2014 přijala Rada EU novou legislativu k programům partnerství privátního sektoru s veřejným v HORIZONTU 2020, [9530/14](#)

JOINT TECHNOLOGY INITIATIVES

Europe 2020

Smart growth

Innovation Union
Digital Agenda

Sustainable growth

Resource efficiency
Industrial policy

Inclusive growth

**Electronic
Components
& Systems**

**Clean
Sky**

**Fuel Cells
&
Hydrogen**

**Biobased
industries**

**Innovative
Medicines**

IMPACT

Jobs, growth, reduced carbon emissions, alternatives to fossil fuels, rural development, better healthcare treatments

JTI's rozpočet

JTI	Investment in JTI (EUR)	
	from EU (Horizon 2020)	from industry partners and other sources
Innovative Medicines	1725 million	1725 million
Fuel Cells and Hydrogen	700 million	700 million ⁹
Clean Sky	1800 million	2250 million
Bio-based Industries	1000 million	2800 million
Electronic components and systems	1215 million	3600 million ¹⁰ (of which 1200 million from Member States)
<i>Total</i>	<i>6440 million</i>	<i>9875 million from industry + 1200 million from Member States</i>

Smluvní partnerství EC + průmysl

- Factories of the Future
- Energy-efficient Buildings
- Green Vehicles
- Future Internet¹⁴
- Sustainable Process Industry
- Robotics
- Photonics
- High Performance Computing

Public-public and další partnerství
